Blue Water Shipping Suriname was established in 2021 to be the most experienced local freight forwarder serving the oil & gas, chemicals, mining, and renewables sectors.

Supported by a global network of over 80 offices and 2,700+ employees, BWS Suriname can provide clients with the level of customer service they've come to expect and require.

International freight forwarding, off-shore support, Shorebase logistics, customs brokerage, materials management and customized IT solutions.

Whatever your needs may be in the energy sector, BWS has the expertise to accommodate them.

With vast experience specifically in

offshore oil & gas campaigns, BWS Suriname along with our offices in Georgetown, Guyana and Port of Spain, Trinidad cements Blue Water as the leading logistics provider in the lower Caribbean basin.

Our services are offered in:

- > Kuldipsingh Port Facility
- > VABI Port Facility
- > Jules Sedney Terminal
- > La Vigilantia Port (SPS)
