Blue Water Shipping Brazil, established in 2010 to serve our existing and new client network with project and transport solutions in Oil & Gas Capital Projects, Mining, and Renewable sectors.

## Why choose Blue Water?

Supported by a global network of over 83 offices and +2,652 employees, Blue Water Brazil has a history of several years serving the global client network.

We offer various services including international freight forwarding, project logistics management and services, materials management, and customized IT solutions.

The team supports field operators, EPC, FPSO contractors and gas operators. Blue Water Shipping Brazil is ISO 9001, 14001 and 45001 certified and is an IATA registered member.

Our team of local experts provides high-quality logistics solutions and services in the region, supported by Blue Water’s global network of offices and years of experience in international freight forwarding in oil and gas campaigns.
