

# Transport & logistics solutions to and from the USA General Cargo

# Flexibility and visibility are keys to your success

## Air freight and Sea freight

To us, it is more than just A - B transport. The Blue Water team of experts finds optimisation and savings in your logistics chain. Through unique solutions we ensure your solution with quality and control from your factory floor to the end-consumer.

## 3PL / Warehouse Logistics

Our Best in Town concept will optimise your fulfillment process from vendor management to domestic distribution enabling you to reduce your tied-up capital in warehouse and staff expenses.

In close collaboration with you, we will create a holistic solution with full order visibility via our scalable Order Management System (OMS).

“

**We offer a combination of industry leading IT solutions combined with good old fashion customer service**
